NBE3000
NANNIC
SKINCARE BY SCIENCE

NBE3000
NATURAL BIO ENERGIZER

The NANNIC NBE3000 is not a standard radiofrequency device, but a device developed entirely in line with NANNIC's scientific vision. It is at the heart of our skin improvement philosophy, in which technology and cosmeceutical formulas are inextricably linked.

HOW DOES IT WORK?

Our body is made up of billions of rechargeable batteries: our cells. NANNIC NBE3000 supplies energy to these cells, recharging them. The result? An overall improvement in skin metabolism.

NANNIC NBE3000 WORKS ON THE SKIN'S THREE LAYERS:

1. EPIDERMIS

Improves signal transmission in keratinocytes. This supports the immune system and cell division in the basal cell layer.

2. DERMIS

Fibroblast activity is stimulated, leading to increased production of collagen, elastin, and hyaluronic acid.

3. SUBCUTIS

Strengthens connective tissue and improves body contours.

COMBINATION DISCOUNT?

With the NANNIC NBE3000, you can easily combine manual and automatic treatments. For example, you can perform facial or body treatments simultaneously with an automatic detox, which delivers even better and faster results. The NBE3000 device is also paired with specially formulated, highly concentrated NANNIC treatment serums for visible skin improvement. This scientifically backed concept offers safe, effective treatments for every skin type and condition.

UNIQUE

NBE3000 RF technology uses insulated handpieces and plate electrodes. This allows active serums to be delivered deep into the skin, enabling targeted and safe treatment even around the eye area. The insulation ensures even heat distribution and safe energy transmission.

ISOLATED HAND PIECES

The ergonomic monopolar handpieces and patented capacitive monopolar plate electrodes make NBE treatments **safe and comfortable.**
The application tools are used for both body and facial treatments and are unique on the market. Their design and technology are based on extensive scientific research to ensure your safety and that of your clients.

UNIQUE

The NANNIC NBE3000 device has three separate treatment circuits that can be used **simultaneously**. This results in even faster and more powerful results.

MONOPOLAR HANDPIECE DELIVERS MAXIMUM EFFECT

- The monopolar handpiece penetrates deep into the dermis and the fatty tissue of the hypodermis.
- Large and small monopolar handpieces used in combination with a passive plate electrode.
- For body and facial treatments.
- Delivers fast results over a larger treatment area.

ACTIVE AND PASSIVE PLATE ELECTRODES FOR AUTOMATED PROCESSES

- These patented capacitive “monopolar plate electrodes” allow for the comfortable delivery of maximum energy over a larger surface area. This also optimally stimulates lymphatic flow. Furthermore, this can be combined with a facial or body treatment in a different area. This creates a sequence of powerful positive effects.
- This automatic detox treatment enhances the results of all facial and body treatments.
- Can also be used to pre-warm the tissue prior to manual body treatments.

2. OUR TREATMENTS

NBE3000

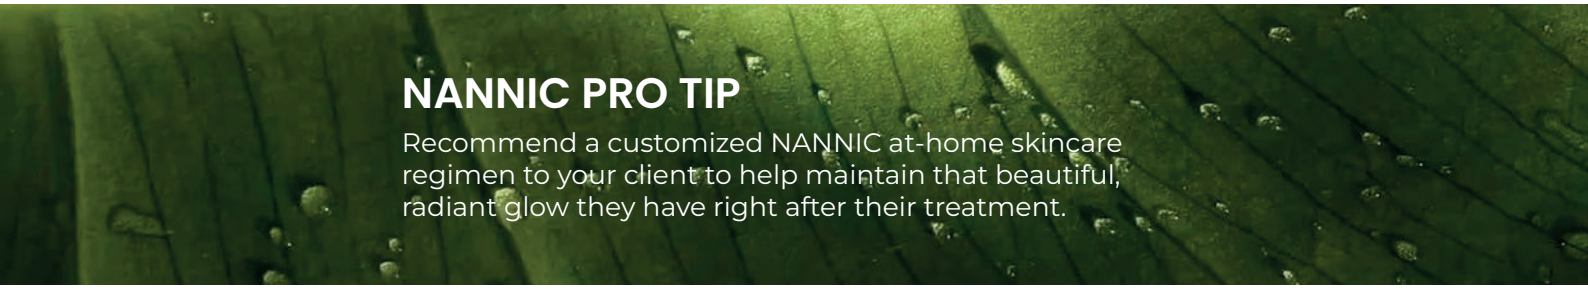
FACIAL TREATMENTS

An NBE treatment always begins with a thorough cleansing of the skin. The face is then treated using capacitive energy transfer in combination with active NANNIC serums. The aesthetician selects the specialized NANNIC serums based on the desired result, skin type, and skin concern. The NBE 3000's pulsating electromagnetic waves easily penetrate into the deeper layers of the skin, the fatty tissue, and the underlying muscles, without damaging the epidermis.

The treatment concludes with a purifying peel-off alginate mask that closes the pores, refreshes the skin's surface, and allows the active ingredients to penetrate further.

FACIAL TREATMENTS

- Firms the skin
- Reduces wrinkles
- Defines facial contours
- Minimizes pores
- Improves connective tissue
- Provides an immediate lifting effect
- Stimulates the production of collagen, elastin, and proteoglycans
- Improves elasticity
- Reduces puffiness and dark circles under the eyes
- Reduces double chin
- Has a beneficial effect on acne, redness, and hyperpigmentation



NANNIC PRO TIP

Recommend a customized NANNIC at-home skincare regimen to your client to help maintain that beautiful, radiant glow they have right after their treatment.

VOOR

NA

BODY TREATMENT

A relaxing treatment that combines electromagnetic energy with heat and specially formulated Nannic serums. The active ingredients are absorbed deep into the skin, where they efficiently energize the cells. The skin is firmed, and cell division is stimulated. A safe and effective treatment that is individually tailored to each skin type and the desired result. A groundbreaking method with immediately visible improvement in skin texture and body contours.

- Regulates moisture balance
- Helps prevent the formation of stretch marks and scars
- Reduces cellulite
- Tightens the skin
- Strengthens muscle tissue
- Reduces free radicals
- Improves blood circulation
- Stimulates the lymphatic system
- Improves the structure of connective tissue
- Drains the lymphatic system

MASSAGE TREATMENT

A therapeutic treatment that combines heat generated by electromagnetic energy with a highly innovative massage system. This system contains a patented peptide that promotes skin renewal and possesses powerful anti-aging and skin-soothing properties. The NBE3000 massage technique has a **deeply relaxing and detoxifying effect.**

When we combine manual massage with Nannic NBE3000, we improve lymphatic circulation. **Lymphatic drainage** is the perfect anti-aging treatment and is also a great way to give your skin and body a boost. Currently very popular among celebrities and top models.

- Works deep within the body
- Improves oxygen uptake in the cells
- Increases blood circulation
- Improves the removal of waste products
- Supports the body's natural healing process
- Promotes lymphatic flow
- Stimulates collagen production

3. OUR PRODUCTS

SALON PRODUCTS

NANNIC NBE ACTIVE TREATMENT SERUMS

We have developed a unique line of serums that are perfectly tailored to our NBE3000 device. The range is designed so that there is a targeted serum for nearly every skin need, and they can be easily combined to create a customized treatment.

These serums form the core of NBE3000 treatments and ensure consistent, targeted results. They are also ideal for use in manual treatments. Other products can be used in conjunction with the device, but this range offers a clear and reliable foundation for every treatment.

LIFTING

NANNIC NBE

NBE Lifting stimulates the production of new collagen, elastin, and glycosaminoglycans. It redefines facial contours, firms sagging skin, creates a more defined jawline, restores the skin's moisture balance, reduces fine lines and wrinkles, and provides a lifting effect.

150 ML

FLACCID SKIN

NANNIC NBE

NBE Flaccid Skin tightens the skin, improves the skin's moisture balance, and stimulates cell renewal as well as the production of collagen and elastin. It is a powerful antioxidant.

150 ML

Clinically proven active ingredients – Dermatologically tested – Not tested on animals

NANNIC NBE ACTIVE TREATMENT SERUMS

REDNESS

NANNIC NBE

NBE repairs and strengthens the cellular matrix (the network surrounding the vein), resulting in a visible reduction in redness. It has anti-inflammatory properties, protects fibroblast growth factor ß, and increases the synthesis of collagen, elastin, and endogenous glycosaminoglycans. NBE Redness is also highly effective for dark circles and puffiness under the eyes.

100 ML

CELLULITE

NANNIC NBE

NBE Cellulite reduces both the number of mast cells and the release of granules from the mast cells. It normalizes lipolysis and improves membrane function (in fat cells). In addition, it is a powerful antioxidant that improves metabolism and has anti-inflammatory effects. The NBE Cellulite serum delivers excellent results in the short term.

150 ML

FAT REDUCTION

NANNIC NBE

NBE Fat Reduction stimulates natural lipolysis and converts fat into energy. This burns fat in the same way as during intense physical exercise. It also prevents the formation of new fat in fat cells. NBE Fat Reduction has a powerful detoxifying effect and firms the connective tissue.

150 ML

STRIAE

NANNIC NBE

NBE Striae significantly increases collagen production in the skin, improves elasticity, strengthens connective tissue, and promotes healing. It is also very effective on deep wrinkles. It can also be used as a preventive treatment.

100 ML

Clinically proven active ingredients – Dermatologically tested – Not tested on animals

NANNIC NBE ACTIVE TREATMENT SERUMS

BASE

NANNIC NBE

NBE Base is an extremely moisturizing lamellar base that restores the skin's protective barrier and prevents TEWL (trans-epidermal water loss).

150 ML

IMPURE SKIN

NANNIC NBE

NBE Impure Skin restores connective tissue (elastin and collagen), prevents scarring, normalizes the bacterial flora, regulates sebum production, cleanses deep into the pores, and prevents the formation of permanent scar tissue.

100 ML

HYPERPIGMENTATION

NANNIC NBE

NBE Hyperpigmentation inhibits the signal that activates pigment cells, reduces tyrosinase activity within the cell, inhibits the transport of melanosomes to keratinocytes, and significantly reduces free radicals and ROS (reactive oxygen species). NBE Hyperpigmentation has a normalizing effect on age spots, post-inflammatory hyperpigmentation, and melasma.

100 ML

Clinically proven active ingredients – Dermatologically tested – Not tested on animals

NANNIC PRODUCTS
FOR PROFESSIONAL USE

POWERSCULPT

NANNIC NBE

Helps refine facial contours and promote a slimmer, lifted appearance. It supports the natural breakdown of fat (lipolysis) and helps redefine the V-shape of the face by strengthening and protecting the skin's structure. In addition, PowerSculpt stimulates skin repair and cell renewal by activating cellular metabolism. Thanks to its powerful antioxidant and anti-glycation properties, it helps protect the skin against premature aging and preserves its firmness and elasticity.

150 ML

BARRIER EPITHELIUM+

NANNIC NBE

This finishing cream acts on the epidermal stem cells in the basal layer, thereby enhancing tissue repair. It soothes the skin and reduces redness. It prevents scarring. It has anti-inflammatory properties. It supports the skin's natural healing process. It prevents oxidative stress in the tissues.

150 ML

HEPTA-PEPTIDE MASSAGE COMPLEX

NANNIC NBE

A highly innovative massage gel that glides gently and almost endlessly, while the added active ingredients strengthen and rejuvenate the skin. This unique formula is built around a patented cyclic lipopeptide that contains no fewer than seven different amino acids. This complex, with powerful anti-aging and skin-soothing properties, strengthens the skin barrier, restores moisture balance, improves elasticity, supports cellular regeneration, and reduces redness and irritation. It also makes an excellent manual massage cream!

300 ML

PROBIOTIC ACTIVATOR

NANNIC NBE

NBE Probiotic Activator is enriched with lysates (fragments of bifidobacteria) and acts as a postbiotic to stimulate the microbiome. In this way, NBE Probiotic Activator optimizes the overall balance of the microbiome.

10 X 1 ML

Clinically proven active ingredients – Dermatologically tested – Not tested on animals

NANNIC PRODUCTS FOR PROFESSIONAL USE

BIO-ENERGY MASSAGE CREAM

A non-lamellar emulsion formulated with Olus oil. This emulsion remains stable and glides smoothly even during hyperthermic body treatments. NANNIC Bio-Energy Massage Cream is rich in omega-6, helps regulate moisture, and is suitable for all skin types. It also makes an excellent manual massage cream!

500 ML

TOOL CLEANER

This cleaner is designed to clean the salon's equipment. Nannic Tool Cleaner contains no corrosive ingredients and, in addition to providing thorough cleaning, also protects NBE handpieces and covers. This product can also be used to clean countertops, chairs, tools, and more.

250 ML

PEEL OFF ULTRA MOISTURIZING MASK

NANNIC ALGAE MASK

The NANNIC Ultra Moisturizing Peel-Off Mask is formulated with natural, plant-based ingredients. This mask quickly and effectively restores the skin's moisture balance; it is pH-neutral and contains 0% phthalates, 0% gluten, 0% crystalline silica, and 0% preservatives. Dermatological tests show a 30% improvement in the hydration of the stratum corneum and the epidermis. Ideal for the most sensitive and extremely dry skin.

500 GR

NANNIC PRODUCTEN
VOOR PROFESSIONEEL GEBRUIK

PEEL OFF
LIFTING MASK

NANNIC ALGAE MASK

The NANNIC Lifting Mask provides an immediate firming effect and visibly improves skin firmness. It leaves the skin feeling tight and refreshed and helps improve smoothness for a more even complexion. At the same time, it provides a comfortable and pleasant sensation on the skin. Suitable for all skin types that need extra firming and an instant boost.

500 GR

PEEL OFF
PURIFYING MASK

NANNIC ALGAE MASK

The NANNIC Purifying Peel-Off Mask quickly removes impurities, regulates sebum production, minimizes pores, and inhibits the virulence of P. acnes. It is pH-neutral and contains 0% phthalates, 0% gluten, 0% crystalline silica, and 0% preservatives. Suitable for all skin types, even the most sensitive.

500 GR

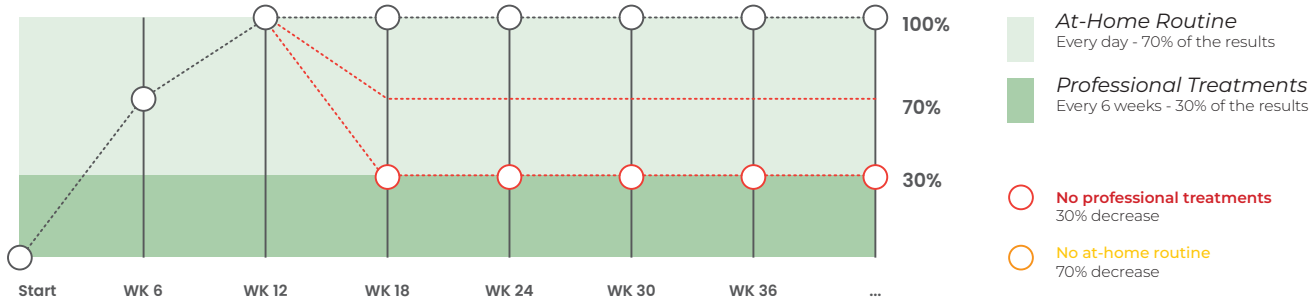
4. OUR 30/70 PLAN

At NANNIC, everything revolves around the skin—our largest organ and our personal barometer. In a world filled with UV rays, hormonal fluctuations, and pollution, it's essential to support it. Fortunately, the skin has a strong ability to regenerate, especially with the right approach.

The NANNIC 30/70 concept provides a **30% boost through in-salon treatments**, ideally every six weeks using the NBE 3000 device. This device helps serums penetrate deeper, stimulates collagen and elastin, strengthens connective tissue, and activates the lymphatic system.

The remaining **70% takes place at home.** Together, professional treatments and home care ensure visible, long-lasting, and continuously improving skin results.

SUSTAINABLE MAINTENANCE MODEL FOR 100% RESULTS IN SKIN IMPROVEMENT



Our skin is incredibly intelligent. As long as it receives the right building blocks in the right layers, it can maintain its own balance. Your skin absorbs all the nutrients it needs from skincare products. Anything it doesn't need at that moment is excreted through the lymph nodes. What a fantastic system!

5. OUR APPROACH

OUR UNIQUE STRENGTHS

*NANNIC is a comprehensive concept. In addition to our **professional treatment** device, developed based on our vision for skin improvement, we also offer a full range of **at-home products**. This allows customers to continue enjoying **long-lasting results** in the comfort of their own homes.*

What makes our advanced skincare so unique is the **cell-identical base formula** combined with a high concentration of versatile active ingredients. Thanks to this synergistic effect, the skin is effectively supported and visibly improved.

The combination of professional NANNIC NBE treatments and NANNIC's at-home skincare products delivers visible, optimal, and long-lasting results for your skin.

Vegan

Cruelty free

Dermatologically tested

Through thoughtful innovations, education, personalized advice, and a holistic, non-invasive approach, we offer everyone the chance to radiate confidence. Now and in the future. Our approach is grounded in science, delivers sustainable and skin-friendly results, and is characterized by a personalized, respectful approach. This is where our two greatest strengths lie: energizing the skin on the one hand, and nourishing it on the other.

NANNIC GIVES ENERGY

By targeting the cell's power-houses (mitochondria), all cellular activity is stimulated to make the skin firmer, younger, and fresher (collagen, elastin, hyaluronic acid, etc.).

NANNIC NOURISHES

We optimize the microbiome's nutrition to keep the skin hydrated and healthy. Powerfood is enriched with active ingredients.

We are proud of the global recognition that confirms the effectiveness of our formulas.
